### Schools Excellence Fund- Creative Clusters

Tá an scoil réidh anois leis an tionscnamh Creative Clusters- Coding. GRMA Kathleen agus na múinteoirí a bhí ag tacú leis an tionscnamh seo. Thanks to Kathleen and teachers who facilitated the Coding project this year as part of Dept. of Education Schools Excellence Fund Creative Clusters.

Creativity is such an important aspect of life- to think creatively is to problem solve, to focus on solutions. Teaching children to think creatively, whether it be through

art, drama, music, coding, construction, environmental, sport, maths or writing, is so important, as well as Gaeilge, Béarla agus Mata.

It has been a privilege to work with the children of Scoil Fhionáin- a Gaeltacht school with a Catholic ethos- where we are fortunate to enjoy diversity and promote inclusion.

As a DEIS school (Delivering Equality In Education)- we strive to foster in our pupils a vision for their future, where all can make a difference. Our school will continue to embed programmes such as Accelerated Reader to boost literacy, and increase opportunities for inclusion as we grow our centre for autism needs.

Is seoid luachmhar í An Ghaeilge- agus tá sé tábhachtach go n-oibríonn muid le chéile tacú leis an tumoideachas. The benefits of becoming fluent in a second language are notable, as skills are transferrable to other languages learned.

Buiochas ó chroí le foireann, tuismitheoirí, caomhnóirí agus daltaí na scoile ar son na dea chuimhní atá agam agus mé ag dul ar scoir ón obair!

It has been an honour and a privilege to serve this school community- I have many happy memories made in Scoil Fhionáin.

Ar Scáth a Chéile a Mharaimid! (Working Together)
