This month we are focusing on Fire Safety and Online Behaviour as part of our Social, Personal and Health Education.

**It is good practice for parents/guardians to check their child's browser history and online accounts.**

- ❖ Remember you are responsible for your child's online behaviour. **The age for using Snapchat, Facebook, Whatsapp and Instagram is now 16.** That means if your child creates an account using a fake age, the filters are set as appropriate for that age. So if they use **your** age for example, the content available may be aimed at 18+.
- Parents/Guardians need to ensure their children are allowed to enjoy a safe **childhood**.
